

The Eventing Spring Carnival – Thoresby 2024

Emergency Assets:

Thursday 28th March (Dressage only)

- Doctor
- Single Crew Paramedic Ambulance
- Horse Ambulance
- Vet

Friday 29th March – Saturday 30th March – Sunday 31st March

- Stable area
 - 1x Treating Vet
- Stables / Start Finish area
 - Doctor
 - Based here so all fallers on XC can come back through start\finish to be checked.
 - Easy access to return to stables if need to check faller in national dressage / SJ
 - Fallers from Int SJ can be checked by doctor based at First Aid / Emergency base
- Sector 1 (Start / Finish)
 - Sector steward
 - Rapid response vehicle x1 paramedic
 - Friday - No vet – to share sector 3 if required
 - Saturday & Sunday Vet
 - Fence repair
 - Horse Ambulance
- Sector 2 (Lawn)
 - Sector steward – On electric bike
 - Rapid response gator x1 paramedic
 - Vet – **ATV – is this possible?**
 - Fence repair – ATV
 - **Screens – can we have additional x3 sets of screens on lawn fences**
- Sector 3 (Across river)
 - Sector steward
 - Rapid response vehicle x1 paramedic
 - Vet
 - Fence repair
- **SECTOR 3: Please note that the ground conditions are tricky. It is ESSENTIAL that all emergency drivers are taken around this area so that they know where they can drive. It is vital that if deployed they drive with knowledge and do not get stuck!**
- Emergency base – central location – between fence 5&6, adjacent to stone bridge.
 - Emergency response vehicle
 - 4x4 ambulance crewed by Doctor and Paramedic
 - To remain at HQ at all times unless requested to attend incident by RR paramedic of control.
 - If there are uninjured fallers in the show jumping, this station is located near the horse walk, so riders could be checked by this doctor.
 - Horse Ambulance

- National Show Jumping
 - 1x 4x4 ambulance x1 Paramedic and technician
- Main Arena on lawn
 - 1x Road Ambulance x1 Paramedic and technician

All fence repair teams to carry screens. Sector stewards to carry screens – except sector 2!

All assets to remain at their sector HQ unless deployed. Control will deploy all assets as required, unless backup required by crew attending an incident.

If required casualties can be transported by road using the road Ambulance. There are sufficient assets to cover this if required. Please note that the two show jumping rings do not operate all day.

If calling county ambulance, please ensure correct entrance location is used so arriving medics come straight to the incident. RVP details clearly record all entrance locations using What 3 Words, and a general Helicopter reference is also included. Please ensure security staff are notified of any arrivals and staff deployed to escort ambulances direct to incident.
