BEDE EVENTS

Mobility Scooter and ATV Policy

The use of public ATV's or other motorised bikes or scooters is restricted on the event site. Users of electric mobility scooters do so at their own risk and we advise that you should be insured. Please be aware of pedestrians and travel only at walking speed when in crowded areas.

Mobility scooters should not be taken in the lorry park or into any collecting ring and should be kept away from all horses.

Electric Bikes must NOT be ridden in trade stand and busy pedestrian areas or between the strings on the XC course.

ALL Wheeled vehicles (scooters, bicycles, pushchairs etc.) should not be taken into any collecting ring at any time and should be kept away from all horse-walks. No wheeled vehicles are allowed on the cross-country course, always stay on the outside of the string. Please adhere to officials'/volunteer requests at all times.

Please be aware that the ground is uneven throughout the site and appropriate care should be taken when moving around the event.

When on the cross country course please use marked crossing points and be aware of horses travelling at speed. Instructions from officials and marshals should be obeyed at all times

You should ensure you are familiar with all controls on your vehicle before setting off around the event site.
